Reason for testing

Stage 2 modification. Type of bodywork: SH. Wheelchair accessible vehicle..

General information / testresults

This report is a supplement of previously issued reports RDW-51R-0022485, RDW-51R-0036852, RDW-51R-0032127, RDW-51R-0047964, RDW-51R-0059145 and RDW-51R-0074069. New Variant/Versions added.

A vehicle of category M₁ constructed or converted specifically so that it accommodates a person seated in her/his wheelchair when travelling on the road.
Exhaust system slightly modified to enable lowfloor section against the stage 1 vehicle.
Front and rear silencers are unmodified. The outlet of the exhaust system under the vehicle is located directly behind the rear axle on the left side.
The test results of stage 1 remain valid.
For the complete overview of types, variants and versions see the information document.
