Witness Engineer Signature:

Name:	Fraser Coulter
Position:	Type Approval Engineer
Date:	21 October 2019

### List of Annexes

Annex II	No of Pages 107	Subject RDW-14R-0085714
-------------	--------------------	----------------------------

This test report shall not be reproduced except in full, without written approval of the technical service.

## Issue Record

Issue 0 is original report

## Worst Case Rationale

Tripod mobility have modified the seat design from a double to a single leg variant. This passed ECE Regulation 14 requirements, see annex II for details. Using this evidence VCA have not requested the re-testing of the dynamic testing recorded under ESU437411-15.

The rest of this report has been removed for clarity.

*Note: Include information on variants and versions this report covers, as applicable. Supporting documents may be annexed to this report*

## Significant Interpretations, Alternative Test Methods, New Technologies

## Tests Required

Yes, NA, See Report ... / Approval ... /  
Annex ...
